

What is Online Safety about?

At Whitefield Infant School, we want to help you and teach you how to stay safe online.

There are four areas of online safety that we will learn about called the 4 C's.

<u>Content</u> This area is all about what you post online and what you look at online. Is it appropriate?	<u>Contact</u> This area is all about who you are speaking to online. Do you know them?
<u>Conduct</u> This area is all about how you act online and how other people act towards you. Are they being kind?	<u>Commerce</u> This area is about being tricked online to either buying things or a way of getting your money.

If you are worried about something that is happening to you online you can:

Staying safe online at school

- Keep your passwords and usernames to yourself.
- Use an avatar rather than a picture of yourself.
- Only Google appropriate things. **We monitor everything that happens online.** Be sensible.
- Look after our school equipment. Treat it with respect.
- **If something comes up on your device that you don't think you should see, turn the screen off and ALWAYS tell your teacher so they can help you!**
